EXTRACURRICULAR

ShellHacks Hackathon   *Online*   Sep 2021
Planned and created a GUI time management app in Python as part of a team, all within 36 hours.

iD Coding & AI Academy Summer Camp   *University of Miami*   Summer 2019
Intro to AI & machine learning class where I learned the basics of AI and using Tensor Flow.

iD Tech Camps   *University of Miami*   Summer 2019
Cybersecurity lab where I learned about cryptography and different ciphers.

NOTABLE PROJECTS   *MORE ON MY GITHUB & WEBSITE*

Minesweeper-Bot
Bot that solves minesweeper in real time, implemented using graph traversal algorithms.

Spotify Trees
Tool written in Python that leverages the Spotify API to easily organize my complex Spotify library.

Kronos
Time management app w/ GUI created in Python with a team for ShellHacks, both planned and developed within 36 hours.

Spotify Artist Recommendations
Given a list of artists, grabs each artist's top 3 songs and 3 random songs and creates a Spotify playlist.
